- Economical alternative for imposition and content proofs
- Presentations and storyboards

### Printer/ Ink Compatibility

Océ BC2S24 is recommended for use with pigment and dye inks. For a complete compatibility chart on our website go to: [www.oceusa.com/imagingsupplies](http://www.oceusa.com/imagingsupplies)

### Color Profiles

ICC color profiles will improve image quality and optimize ink limits for improved dry-time, wider color gamut and more accurate color matching.

## Finishing Recommendations

Océ BC2S24 can be overlaminated with both thermal (max. 185° F.) and pressure sensitive laminates for additional scratch resistance and moisture protection when needed. Make sure that prints are completely dry prior to laminating.

This information is presented as a general guide and is not a performance guarantee. The user should independently determine prior to use the suitability of the material for the specific purpose.
