- Tradeshow and portable displays

#### Printer/ Ink Compatibility

Océ OBSCRM16 is recommended for use with dye and pigment inks in most of today's inkjet printers. For a complete compatibility chart on our website go to: [www.oceusa.com/imagingsupplies](http://www.oceusa.com/imagingsupplies)

#### Print Longevity

- Life expectancy without noticeable fading - 6 months
- Life expectancy without noticeable fading - 1 year laminated

#### Color Profiles

ICC color profiles will improve image quality and optimize ink limits for improved drytime, wider color gamut and more accurate color matching. ICC profiles are available from the Océ website: [www.oceusa.com/imagingsupplies](http://www.oceusa.com/imagingsupplies).

#### Finishing Recommendations

Océ OBSCRM16 can be overlaminated with both thermal (max. 185°F.) and pressure sensitive laminates. Make sure that prints are completely dry prior to laminating. Cold pressure-sensitive adhesives are recommended for mounting.

This information is presented as a general guide and is not a performance guarantee. The user should independently determine prior to use the suitability of the material for the specific purpose.
