PSP8G

Glossy Photopaper

Product Description

8.5 mil (195 gsm) glossy photopaper. Océ Pro-Select® PSP8G photopaper is a premium resin coated photopaper ideal for any photographic or display graphics application. The bright white microporous topcoat means your prints will be instantly dry and water resistant; while the thinner base allows you to save money and still provide photographic output. Universal compatibility is optimized for today's wide gamut ink photo quality printers on Epson, Canon, HP and Océ photo and proofing printers. Océ PSP8G optimizes natural skin tones, expanded shadow detail, and extremely low dot gain.

Specifications

Pro-Select® inkjet media for professionals

Product Description

PSP8G

Important Printer and driver settings need careful set up to ensure the best performance. Appropriate ink loads must be set for the ink/printer combination being used.

Color Profiles ICC Color profiles will improve image quality and optimize ink limits for improved drytime, wider color gamut, and more accurate color matching.

Printing for Professionals

Océ helps the people who make our world. Companies everywhere use Océ high-speed printing, technical documentation, and professional document systems to keep the wheels of business, industry and government turning. Océ also helps the world. Developing products and services that add value to the document processes of our customers, while minimizing environmental impact and protecting health and safety, has always been one of our core principles. From bank statements to utility bills, from blueprints to newspapers, from on-demand documents to wide-format display graphics and media, Océ helps our professional customers go “Beyond the Ordinary” in print and document management.
